Subject: One addition for DEP, not for Cabot -

Hi Stephen -

On Monday January 30, DEP has an additional sample to the email listing that I just sent along to you and Cabot. The resident will not allow Cabot to sample their property.

At 0830 - **Ex. 6 - Personal Privacy** (no mailing or street address, she will provide you with directions) **Ex. 6 - Personal Privacy** - She will also most likely have **Ex. 6 - Personal Privacy** own consultant present to split samples as well.

You can also contact Rupert and coordinate directions to the home.

Thanks - Ann
